Commission**

Department of Natural Resources

API: 055-06105 | Date: 6/1/2023

## Inspection Photos

**Photo 1.** Facing southeast ascending the hill toward the location. Grading has pushed out material into a berm which is creating more of a disturbance and not allowing stormwater to be diverted off the road. There is a long stretch of the road where stormwater will be directed down the road which will cause erosion.
