Description of Corrosion Protection

There is no corrosion protection at this time as the lines are out of service. Should the lines return to service, corrosion protection will be evaluated at that time.

Description of Integrity Management Program

Should the lines return to service, an annual pressure test to the maximum anticipated operating pressure. Pressure to the MOP for 30 minutes. Pressure loss not to exceed 10%.

Description of the construction method used for public by-ways, road crossings, sensitive wildlife habitats, sensitive areas, and natural and manmade watercourses (i.e., open trench, bored and cased, or bored only), if applicable.

N/A.
