Operator  
Comment:

All trash was picked up and removed from location By Dustin Rollins as identified. As discussed with COGCC inspectors trash is being contained and picked up daily. Trash identified by the inspector is not oil field trash and may be blowing in from other areas or roadways. We have spoken with the subcontractor's to be aware of any trash leaving their vehicles. All trash identified is not coming from Upland location. Upland installed an enclosed container and address any identified trash. Back dating this CA is incorrect

COGCC Decision: Approved pending re-inspection

COGCC  
Representative:
