Dear Sir:

We are returning the enclosed form OGCC-4 - Plugging Report for a #5 Well you plugged on August 12, 1968 located in the C SW SW 32-7N-52W.

You have already indicated you plugged a #5 Well (lease C-688) on August 23, 1968 located in the C SW SW 32-7N-52W.

Apparently we have two plugging reports for the same well but plugged on different dates. Please indicate the correct locations for these two wells and return the enclosed form to this office as soon as possible.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
