Re: Change of Operator/ownership
Long Lease, sec 25-6N-67W
(Wells #1,2,3)

Dear Mr. Long,

This letter is in regard to the Long Lease, located in sec 25-6N-67W. It is my understanding that the lease has been terminated and reverted back to you. I have enclosed forms that will allow you to become the operator of these wells and come into compliance with this office.

If I am incorrect with the assumption that you have become the owner of these wells this office will take the appropriate action to bring these wells into compliance. These options include plugging the three wells in question or finding a bonded operator that will produce or abandon the wells.

If you have any questions on the materials attached please contact this office. Thank you for your assistance.

Yours truly,

A handwritten signature in cursive script that reads "Stephan Pott".
