Denver, Colorado 80203

Dear Oil and Gas Commission,

I am respectfully requesting an exception to Rule 318, which requires any well to be staked a minimum of 600' from the lease line.

I have staked the well 470' from the lease line due to a ditch, and am the Lessee on the adjacent lease in question.

Please find attached both State leases, with land plat, and topo.

AGREED AND ACCEPTED

Oil and Gas Commission
authorized representative

Sincerely yours,

Jay Deason, Manager
