OIL OPERATOR

SCOTTSBLUFF, NEBRASKA

December 24, 1955

The Oil and Gas Conservation Commission
1162½ Elati Street
Denver, Colorado

Gentlemen:

I am enclosing Duplicate forms of our Intention to Drill
along with an attached plat.

I have made application for the proper bond with O'SHEA
PETER & SONS of Scottsbluff, Nebraska. They are agents for
a bonding company in Denver. Mr. O'Shea has requested that the
bonding company deliver this bond direct to your office to
conserve time.

Mr. O'Shea sent this application to the Denver bonding
company Special Delivery on December 23. He tried to contact
them yesterday (24th) by telephone but was unseccessful likely
because of the Holiday week-end.

I hope everything works out so our Contractor, The Larson
Drilling Co, of Denver, can begin drilling operations according
to schedule. He plans to begin on December 27 or 28.

Yours Very Truly,

Melvin Acheson
