RE: Request for Consent to Plug Wells
Weld County, Colorado

Dear Mr. Castor,

Summit Oil & Gas has been retained as Contract Operator by Crown Exploration in order to drill and complete permitted oil wells from one or more pad locations which Crown has secured in the area. It is necessary and required by the Colorado Oil & Gas Conservation Commission (COGCC) to plug old, abandoned oil & gas wells within 1500 feet of the new well being drilled. There is one previously abandoned well located on your surface estate which needs re-plugging, specifically the Fiscus #1 (API# 05-123-14252), located in the SWSE of Sec 35, T8N, R59W.

Summit respectfully requests your surface owner's consent to plug the Fiscus #1. Please indicate your agreement and consent via signature below to Summit's operations using the enclosed envelope at your earliest convenience. Upon receipt of your executed consent, Summit will coordinate the timing and logistics of plugging with yourself and any tenants you may have.

Thank you for your immediate attention to this matter and should you have any questions, please do not hesitate to reach out to me.

Sincerely,

Ed Doka VP, Land
(817) 223-7512

Surface Owner Consent:
JD Douglas Castor
