Operator Comment: ECMC Inspector cited Operator for weed growth on location, doc #690204439. Operator had mowed and sprayed weeds in April and May, but monsoon rains during the later part of May thru June, 2023 and evening thunderstorms in July provided excellent growing conditions for further uncontrollable weed growth, which can be verified by weather reports. Upon inspection, Operator took immediate action to mow and spray again. See

attached photos.

COGCC Decision: Approved pending re-inspection
