Comment:

This location is "IN PROCESS". At the time of this inspection, Staff observed that the former well location is within fallow cropland (e.g. wheat stubble and annual weeds), therefore, Staff could not verify vegetation establishment. A future inspection will be conducted at a later date (e.g. during the active growing season) to verify vegetative compliance with Rule 1004. Operator shall submit a Form 4 Final Reclamation Complete notice when the location meets Rule 1004 standards. COGCC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1004. Refer to the attached inspection photo.
