Comment: Previous inspection identified a culvert that was filled in with sediment which does not appear to have been properly cleaned out. There are areas along the access road which are eroded and stormwater is not properly diverted toward the culverts. Areas of the road are not stabilized and gravel has washed out. Corrective action will remain out of compliance until completed.

Corrective Action: Install or repair required BMPs per Rule 1002.f.(2)C

Date: \_\_\_\_\_

Pits:  NO SURFACE INDICATION OF PIT
