Mr. Jonathon Otto Jenkins
915 East 11th Street
Sedalia, Missouri

Dear Mr. Jenkins:

Receipt of your letter of April 6, 1966, is acknowledged. I would like to apologize for the delay in answering, but did want to check into the matter rather thoroughly.

I would like to comment that the Oil and Gas Conservation Commission does not enter into contractual matters but we are happy to supply statistical information where it will be helpful and sometimes give an opinion on matters that are sensitive.

For your information, the Jenkins well located in Section 28, Township 34 South, Range 41 West, and the Micheal well located in Section 29, Township 34 South, Range 41 West, both in the Greenwood Field, commenced producing on July 6, 1965. Production on the Micheal well through February 1966 amounted to 7013 Mcf and the production on the Jenkins well was 9850 Mcf.

It would appear to me at this time that unless there is a title matter on your interest perhaps Horizon Oil and Gas Company would be willing to release those funds attributable to your interest. In any event, I would certainly recommend that you contact them again regarding this. It has been our experience that the Horizon Oil and Gas Company are one of the better companies operating in the State, and have been most cooperative with the Commission and mineral-interest owners in matters such as this, in the past.

I am returning the letters that you requested and would recommend that you contact a lawyer if you care to pursue the validity of the lease further, after noting the production above.

If we can be of further assistance please feel free to contact us.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

Dear Sirs, April 6-66

The Horizon Oil Co drilled
a well on my place in Sec 28
34-41 Baca Co Colorado in
1961. → Jenkins Sec 29 ^{Michael 7.}

In 1965 July they turned the
gas into the lines for sale
to Pan Handle Eastern Pipe
line Co.

According to my contract the
lease expired Mar 12-1966
unless the lease was renewed
the shut in we had been
getting by Mar 12 each year
till 1966.
