General Comment:

CECMC Inspection Report Summary

On 08/18/2023 at approximately 09:13 hours, I, Compliance Specialist, Wayne Smelser

Conducted an on-site inspection at CAERUS PICEANCE LLC FEDERAL 7D Pad.

Location # 334073 in Garfield County Colorado.

Location is within Black Bear/High Priority/NSO Habitat areas.

Location is approximately 91 yards from Pete & Bill Creek.

While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Housekeeping - Stained soils & gravel on location with a CA date of 09/10/2023
2. Equipment - Unmarked deadman with a CA date of 09/18/2023
3. Signs/Marker - Tanks/Labels missing required information with a CA date of 10/20/2023

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules.

This is a summary of inspection report.

Advised by supervisor Shawn Kellerby not to issue Stormwater corrective actions at this time due to recent spring creek area fire. Also advised to give operator extra time on all other observed compliance issues & corrective actions due to the recent fire.
