1. Upon completion of all well location and access road reclamation, including establishment of an adequate stand of vegetation, you will submit a final abandonment notice (FAN) notifying the BLM that the location is ready for release. Approval of the FAN is considered the final release of the location and will not occur until an onsite inspection has been completed by the BLM.

On February 26, 2001, we filled well with shale to 30' in 4 ½" casing, on 4/17/2001 we pulled casing off slips to cement found there was only 1 joint down that joint measured and found well full to 42', on April 19, 2001 we filled well bore with cement and set dry hole marker. This procedure was witnessed by Laney Massey of BLM. I have attached copies of records from the BLM office in Meeker.
