17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Filled the hole with dirt and bridged the hole at 30 feet and filled the top 30 feet with cement and set a 6 foot marker. There was only one formation drilled, so plugs for different formations were not necessary.
