Big Red Drilling Company
P. O. Box 57
Rangely, Colorado 81648

Gentlemen:

Our Rules and Regulations require that any operator taking over operations of producing wells file a form 10 on each well. To date, you have not filed form 10's on the Government C-0438 B well Nos. 3, 9 and 11, located in the SW $\frac{1}{4}$ of Section 12-1N-102W, that you took over from Frank Mead last year.

We are enclosing the necessary forms along with form 1, Designation of Agent. Please submit these forms as soon as possible.

We also have not received Monthly Production Reports, form 7, for the months of August, 1973, through January, 1974. Your early attention in filing these reports will be appreciated.

Very truly yours,

H. H. Morrell
Senior Petroleum Engineer
