Dear Mr. McKee:

Evidently there is a mis-understanding existing pertaining to the wells listed on the attached. These wells definately are not the property of Rangely Oil and Gas Company, and as far as I can determine, they belong to Jack White Drilling Company.

I do not know the whereabouts of Fisher White (Superintendent) who lived in Rangely formerly, however, one address available is:

Jack White Drilling Company  
c/o Kay and Kay Accounting  
2731 E. Broadway  
Tuscon, Arizona

If we can aid you further please advise.

Yours very truly,

W. J. Finnell
