<p>ECMC Inspection Report Summary                      On Thursday 8-31-2023 at approximately 09:30, I, Inspector Michael Kester, conducted an on-site inspection.                      Location: Suckla Brown Unit 17                      Operator: KPK                      API#: 123-09485                      County: Weld                      While there, I observed well that appeared to be shut in.                      During this inspection the following possible compliance issues were observed:                      MIT required, Rule 417, corrective action date 10-7-2023                      Weather conditions: Dry and sunny                      A follow up on this site inspection needs to be conducted to ensure the Compliance issues have been corrected to comply with ECMC rules.                      This is a summary of inspection report.</p> <p>This inspection does not nullify any orders or NOAV from the COGCC</p>	kesterm	08/31/2023
