Date _____

1002b. SOIL REMOVAL AND SEGREGATION _____

Comment _____

Corrective Action _____

Date _____

1002c. PROTECTION OF SOILS _____ Fail _____

Comment _____

This location does not comply with Reclamation rules. Rule 1002.c. Topsoil stockpile has significant weed cover- Russian thistle and Kochia- with no perennial vegetation that would compete with the weedy vegetation and generally work to decrease weed growth.

Note- Operator is scheduled to perform final reclamation activities during the month of September.

Corrective Action _____

Comply with Rule 1002.c. Best management practices to prevent weed establishment shall be implemented. Control, manage, and prevent weedy, annual vegetation on all topsoil stockpiles.

1003 f. Weeds Noxious weeds? F

Comment

This location does not comply with Rule 1003.b. Operator has failed to perform interim reclamation to reduce disturbance areas only reasonably needed for production operations.

Note- Operator is scheduled to perform final reclamation activities during the month of September.

Corrective Action

Operator can come into compliance with Interim Reclamation rules by performing the planned final reclamation activities during the month of September.

COGCC Comments		
Comment	User	Date
ECMC staff, Chris Binschus, contacted and communicated the observations of the inspection to an Operator representative on August 29, 2023. Staff indicated that the inspection would likely be delayed due to a database migration and staff PTO. On September 11, 2023, Staff received an update from the Operator stating that all corrective actions have been addressed regarding weed management and stormwater management.	binschusc	09/12/2023
