2 ☒ CA# 176854

Corrective Action: The Operator will conspicuously post and maintain the date of the last meter calibration.

Date: 08/07/2023

Response: CA COMPLETED

Date of Completion: 08/07/2023

Operator Comment: COGCC Rule 430.d.(2) requires that meter calibration dates be conspicuously posted AT each meter at all times. The gas meters are located inside each of the separators. The meter identification, specifications, and calibration dates are conspicuously posted inside each separator AT the meter. The doors to the separators must be opened to see the conspicuously-posted calibration dates posted at each meter. TEP's practice of posting the calibration dates inside the separator at each meter complies with COGCC Rule 430.d.(2).

COGCC Decision: Approved pending re-inspection
