17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.) *

We intend to fill the hole with dirt and bridge the hole at 30 feet and fill the top 30 feet with cement and set a 6 foot marker. There was only one formation drilled, so plugs for different formations should not be necessary. No gas was encountered.
