Mr. William R. Smith, Senior Petroleum Engineer  
Oil & Gas Conservation Commission  
Room 312, State Services Building  
1525 Sherman Street  
Denver 3, Colorado

Dear Sir:

I personally carried the message and letter to  
Mr. Ralph R. Bradley a few days ago, in regard to  
the number one Barcus well and designation of  
agent to be made by him, referred to in your  
letter April 19th, 1961.

Mr. Bradley was then on his way from here to  
Colorado and promised me faithfully that he would  
come to your office and get this whole matter  
straightened out properly.

Mr. Bradley may have already been to see you, if  
not I will visit you personally and do what is  
necessary to take care of this matter.

Sincerely yours,
