Dear Mr. Buranek:

Reference is made to the No. 1 Government well located in Section 1, Township 2 North, Range 3 West, Mesa County, in the Mack Creek Field, which you recently purchased from Paul Bagdanich.

*on  
7/8/66*

It would appear from viewing your file and talking to Mr. Morrell in our office, who has attempted for some time to get production from you, that we may have been premature in authorizing transportation of gas from this well.

You will recall that at that time you indicated that you would file a Designation of Agent, and subsequent production and mill levy reports, as required.

We have been advised by Western Slope Gas Co. that it is still taking gas from your well.

Enclosed are OGCC Form-1, Designation of Agent; and forms for production report and conservation mill levy forms for your use, and we shall anticipate an immediate response to this request.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Deputy Director
