Re Cement Block
NENF Sec 18-1S-59W
Adams County, Colorado

Mr. Petrino,

As we discussed, the Colorado Oil and Gas Commission inspector noticed a cement block from an old oil and gas pumping unit on the above location. Apparently the oil company is out of business. The commission will pay to bury the pad, but under their rules the landowner must okay this.

Please indicate your approval to bury the cement, by signing below and faxing this back.

Thank You,

Dave Rebol
