Gentlemen:

You will recall that last May, 1964, you submitted a status report on your #1 Marion W. Mac Kinlay located in the SE SE section 23, township 6 north, range 87 west, Routt County, in which you indicated some additional testing for the summer of 1964.

I wrote you in October in an attempt to determine what work if any you had done but as yet have had no reply.

Needless to say, the snows this year will probably eliminate any early work in the area; but, I thought before complicating things with another years activity, that a status report would be in order now.

I will anticipate hearing from you, both as to work accomplished last year and your current plans for the well by May 1, 1965

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION
