Oklahoma City, Oklahoma 73115 *Drawer 30
Enfants, Okla.*

Dear Mr. Johnson:

As per our conversation, I am enclosing for your use a copy of our Rules and Regulations, and some OGCC forms 3, 4, 7, 8, and 10.

In explanation of the above forms, the Form 3 (p. 11) pertains to the bond, and as you will note, a \$2500 bond should be posted. Form 4 (p. 11) is the report to be submitted if significant changes in the down-hole condition of the well is planned or accomplished. Form 7 (p. 12) is for the monthly production report which, as I mentioned, should be submitted whether or not any production occurs in any specific month, unless a long-range shut-down is anticipated. Form 8 (p. 12) is the mill levy report and, I believe, the rule is self-explanatory. Form 10 (p. 13) is the certificate of clearance, and three copies should be submitted at the present time on the Marion W. MacKinlay Well No. 1, located in the SE SE, Sec. 23, T-6N, R-37W, Routt County, Colorado.

Your cooperation in this matter is greatly appreciated. If you have any further questions, please contact us.

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Deputy Director
