Note: Stained soil

SMALL SPILLS:  
If you can do it without risk, take up spill with sand or other non-combustible absorbent material and place inside of dike for disposal or bioremediation. Immediately contact the Operator of the facility.

LARGE SPILLS:  
If you can do it without risk, take up spill with sand or other non-combustible absorbent material and place inside of dike for disposal or bioremediation. Immediately contact the Operator of the facility.

FIRST AID:  
Move victim to fresh air and call emergency medical care; if not breathing, give artificial respiration; if breathing is difficult, give oxygen. In case of contact with material, immediately flush eyes with running water for at least 15 minutes. Wash skin with soap and water. Remove and isolate contaminated clothing and shoes at the site. In case of fracture, immobilize with water, keep victim quiet and maintain normal body temperature.

SPECIFIC HAZARD  
  
NO SMOKING
