General Comment:

[Routine Inspection.](#)

[The name change of the Colorado Oil and Gas Conservation Commission to the Energy & Carbon Management Commission required major server updates and created sync issues for remote field personnel's computers. During this time personnel were not able to complete and uploaded inspections creating a lengthy lag between inspection dates and report submission dates. These circumstances are beyond the Operators control and required dates should be adjusted to match Inspectors FIR submission date. All corrective action dates have been adjusted to accommodate actual FIR submission date. Please contact me directly with any questions or concerns.](#)

Location			
Lease Road:			
Type	Access		
comment:	Two track off maintained county road. Two track into location has not been maintained.		
Corrective Action:	Repair and maintain lease road to comply with rule 603.l.	Date:	10/29/2023
