PLUGGING RECORD

INSTRUCTIONS

Within thirty (30) days after the plugging of any well, the owner or operator thereof shall file this form in duplicate for wells on Patented or Federal lands, and in triplicate for wells on State lands, give a detailed account of the manner in which the abandonment or plugging work was carried out, including the nature and quantities of materials used in plugging and the location and extent (by depths) of the plugs of different materials; records of the amount, size and location (by depths) of casings and junk left in the well; and a detailed statement of the volume and weight of mud fluid used.

Operator Basin Oil Company Field Wildcat X
 Lease Name Westlund Well No. 1 County Lincoln
 Location C NE SE Section 23 Township 14-S Range 55-W Meridian 6th
 (Quarter Quarter)
1980 feet from N Section line and 660 feet from E Section Line
 N or S E or W

TOTAL DEPTH 130 DATE OF PLUGGING August 31, 1956

DETAILS OF WORK

This well was drilled to a total depth of 130 feet. The only formations encountered were surface gravels, sands and clays. No water was encountered in the hole. As the well was drilled only to a very shallow depth, the only plugging deemed necessary was the bridging on the hole at the surface.
