Operator has now initiated plugging operations (Form 42 Doc.# 403522272) and plans to perform final reclamation activities; therefore, the Operator will not be able to comply with the previous corrective action date, which was to perform additional interim reclamation activities. Therefore, Staff is extending the corrective action to perform additional reclamation activities, which will result in final reclamation.

Operator has received an approved surface owner seed mix.

Operator shall continue to perform weed management and stormwater management in the interim.

Corrective Action: **Upon completion of plugging operations, Operator shall comply with Rule 1004.**
