Rangely, CO 81648

RE: Failure to comply with State Regulations

Dear Sirs:

Recent inquiries into Diamond Back's interests in the Rangely Field indicate a serious problem. Diamond Back has a record of failing to comply with Colorado's regulations by not filing information reports. We wish to bring this to your prompt attention and respectfully request you redress the following problems.

The Following wells have an intent to abandon (Form 4) filed without subsequent reports of abandonment, cement verifications, completion reports, or electric logs: (If electric logs were not run on a well, please so state on (form 5) completion report.)

Emerald	274	36-2N-103W
	276	36-2N-103W
	277	36-2N-103W
	278	36-2N-103W

The following wells have been plugged and abandoned without filing a completion report (Form 5) or electric logs:

Emerald	260	25-2N-103W
	262	36-2N-103W
	263	36-2N-103W
	268	36-2N-103W
	269	36-2N-103W
	270	36-2N-103W

The following wells have exceeded the expiration date on their permit to drill without subsequent notice of status: (If these wells have not been drilled a (Form 4) sundry notice of location abandonment must be filed.)

Emerald	236	6-1N-102W
	237	1-1N-103W
	239	1-1N-103W
	244	25-2N-103W

Emerald	255	36-2N-102W
	261	26-2N-103W
	280	36-2N-103W
	281	26-2N-103W
	283	25-2N-103W
Federal	80-1-2	21-2N-103W
Anderson	80-2-2	17-2N-103W
Harrison Smith	80-1-8	10-1N-102W

The state realizes that some of our requirements are not clearly stated and are often misunderstood. If there are any questions regarding proper filing of forms please contact us. We will gladly assist in completing necessary forms.

The state wishes to give Diamond Back this opportunity to correct these problems without resorting to penalties.

Thank you for your cooperation in this matter.

Respectfully,

James Kenney
Petroleum Engineer
