Gentlemen:

We have received a copy of the U. S. G. S. monthly production form for July 1964, showing that you have production from a lease in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 10, T $\frac{1}{2}$ 1N, R-102W.

The only record we have of this well is for the No. 1 Hayes-LuBauer. On May 20, 1964, we requested a Form 10 for this well. To date we have not received it. Also, we have not received a Form-7, Operator's Monthly Production Report, for the July production. *Lee*

Please submit these forms as soon as possible.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
