P.O. Box 778
Craig, Colorado

Attention: Mr. Robert Hawkins

Gentlemen:

This is written with reference to the well drilled by your company designated on the Form 5 as the GeBauer, Rippy No. 1, in Section 10, Township 1 North, Range 102 West.

The location of this well is stated as being in the NW $\frac{1}{4}$ SW $\frac{1}{4}$, yet the location of 500 feet from the south section line and 330 feet from the west section line would place it in the SW $\frac{1}{4}$ SW $\frac{1}{4}$. Please clarify the location of the well.

A search of our files did not turn up anything previous on this well. Since no intention to drill was filed, this well was drilled in violation of the Commission regulations. Perhaps this was an oversight. In the future, please file an intention prior to the commencement of drilling any well within the State.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

D. V. Rogers, Deputy Director
