Dear Mr. Gebauer:

We would appreciate knowing the latest status of this well. It is our understanding that monthly reports are submitted to the U.S.G. Survey office indicating the well to be shut-in.

We do not have a record of this well having been plugged by Shawnee Oil Company. Should the well be abandoned, please submit the proper forms giving the necessary information and dates to this effect. If it is a shut-in well please advise.

Very truly yours,
Oil and Gas Conservation Commission

Frank J. Piro, Senior Petroleum
Engineer.
