Attention Wm. R. Smith,

Dear Mr. Smith:

The enclosed Completion Reports on Well No. 2 and Well No. 3 will bring us up to date in files, I hope. On Well No. 3 I included the deepening and the Log all in one Report.

In the future we will make Application with the Oil & Gas Commission before drilling any wells.

I am sorry if we have inconvenienced you and if there is any other information you need let us know.

Very truly yours,

Harrison-Smith
