Location Name: Horsetail 29E Pad  
Location ID: 435875

**Photo 1.** This location does not comply with Rule 1004. Operator submitted Form 4 Sundry Notices stating the above wells were not drilled. Location was not constructed at the proposed well location based off field observations. However, during this inspection, Staff observed that t-posts and wooden stakes remain on location, which is now considered debris, and will need to be removed in order to meet Rule 1004 standards.
