Mr. Paul Moran, Sr.,  
801 North Alleghaney F3  
Odessa, Texas

Dear Mr. Moran:

We note from your production reports that the No. 7 and No. 5 wells located in the SW NE, Section 11, Township 1 North, Range 102 West, are producing yet we have not received Completion Reports on either, nor an OGCC Form-10 (Authorization to Transport Oil from the Well) on the No. 5 well.

We also wonder if anything has been accomplished on the No. 9 LuBauer in the same quarter section.

From your prompt answer of September 11, 1964, I appreciate your office situation, and if you wish to fill out OGCC Forms 5 and 10 in longhand it would be acceptable.

The enclosed forms are for your convenience.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION  
OF THE STATE OF COLORADO
