Dear Ms. Perkins:

I am sorry that we have not been able to file Form 4, Sundry Notice, Subsequent Report of Abandonment for the well #3 G & M, NW SW 11-1N-102W, Rio Blanco County. We believe that all the requisite work was done for this abandonment last year. However, it was not inspected by supervisory personnel before snowfall; the snow and attendant mud have made it impossible to visit this location since the middle of November 1978. Snow and mud are still a severe problem in the Rangely area, but we will file this report as soon as we can get into and inspect this location.

Your patience is appreciated.

Sincerely,

Diana Grunig
