If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

18. Date of work _____

* Must be accompanied by a cement verification report.

This well has not had a production string in it since Twin Arrow, Inc. has had the lease. With the B.L.M. approval, we would like to put this well on a "Temporary Abandoned" status for 6 months to give us time to test for commercial production. If it does not test out okay, we will send in a "Plug and Abandon" request.
