General Comment:

This is an orphaned well inspection. Inspection completed to document current condition of location, equipment, and wellhead. Inspection may also identify possible task required for final closure/release of location from the Orphaned Well Program. See link at end of report for path to downloadable documents and pictures.

The tank battery is located 150' NW of the wellhead.

The tank battery shares the same Location ID as the wellhead.

Attached files have Trimble GPS screenshot for the located surface casing.
