 TOTAL % OF DESIRABLE VEGETATION COVER _____
 VEGETATIVE COVER _____

Comment:

Operator has performed final reclamation activities, with the evidence of desirable vegetation. It appears that recent reclamation work was conducted and is in process of establishing desirable vegetation. Tumbleweed growth was observed within the location and is in need of weed management.

It is ECMC's understanding the Operator lacks access. Operator shall submit Form 4 with a deadline and explanation regarding the surface access issue. Operator should submit Form 4 within two weeks to the attention of Chris Binschus.
