Re: Well Location Discrepancy

Dear Mr. Skeem,

I have received your recent status updates on the Coltharp Lease wells. Again, there was a different reported footage on the Coltharp A-3 and the Coltharp A-2, both located in sec 1-1N-102W. I have listed below the footages you have reported to this office since you have started your operations in the Rangely Field. It appears you have continuing problems with typographical errors.

Until all of these locations are inspected by our field engineer the plugging bonds held by this office will not be released.

The locations you have reported are:

Coltharp A-1, 945 FNL, 1459 FWL, sec 1-1N-102W (original location)
865 FNL, 1485 FWL, sec 1-1N-102W (revised location)

* The Coltharp B-1 was renamed the Coltharp A-1;

Coltharp A-2, 320 FNL, 2228 FWL, sec 1-1N-102W (Sundry dated 8/6/90)
280 FNL, 2248 FWL, sec 1-1N-102W (Sundry dated 10/21)

Coltharp A-3, 381 FSL, 1857 FWL, sec 36-2N-102W (original location)
381 FSL, 2057 FWL, sec 36-2N-102W (revised location)
125 FNL, 2195 FWL, sec 1-2N-102W (revised location)
120 FNL, 2220 FWL, sec 1-2N-102W (revised)
** used on Sundry dated 10/21/90
100 FNL, 2220 FWL, sec 1-2N-102W (revised)
** used on Sundry dated 8/6/90

* The Coltharp E-1 was renamed the Coltharp A-3;

Coltharp C-2 1149 FNL, 2564 FEL, sec 1-1N-102W (plugged);

Coltharp C-3 1282 FNL, 2742 FEL, sec 1-1N-102W (abandoned loc.);

Please check for errors on future forms.

Yours truly,

Stephan Pott
