Bond No. 19 0130 721 73

Dear Jim:

Thank you for your letter last month regarding the "plugging and abandonment" of the oil well in caption.

I have contacted Jim McKee with the Colorado Oil and Gas Conservation Commission and have obtained a delay in action until April 1, 1976. The Commission was reluctant to postpone action in that they had lost contact with you and had no information on your current plans for completion of the well. They have, however, allowed the extension of time noted above to give you a chance to get back in better shape.

Sincerely hope that things are improving for you -- please keep me informed as to your progress.

Very best regards,

Walt Forbes Co.
