NE NW 15 - 6N - 87W

Dear Mr. Peel:

As I advised you in my recent phone conversation I have contacted three operators who plug and abandon wells and operate in the vicinity of subject well and one contractor who does dirt work only. They are:

Bill Rippy	243-4591
Keith Poole	675-8281
Larry Lyster	879-6295
R.N. Robbins	276-3268 (dirt work only)

Mr. Lyster indicated he does not have a work over rig in the area and will not give me an estimate. All others will estimate by next week.

As I indicated to you this job must be completed by September 30, 1986, at the very latest and preferably before.

Please advise by September 5, 1986, whether you will do the job, directing the work in accord with our orders and subject to our approval, or whether you want us to go ahead with the abandonment. If you choose to let us supervise the

job I will anticipate immediate remittance upon completion of the work and approval by us. If you have any questions please contact me immediately.
