<p>COGCC Inspection Report Summary WEATHER CONDITIONS: sunny, dry ground On Monday, December 18, 2023 at approximately 11:15, I, Inspector Brittani Santistevan, conducted an on-site inspection at DECHANT 16C-1HZ (Noble Energy Inc.), at location ID: 330591 in WELD COUNTY, Colorado. While there, I observed a shut in facility During this inspection the following possible compliance issues were observed: 1. There are two wellhead signs at one wellhead, unable to identify which sign goes to specific wellhead. On the other wellhead signage, no API appears to be displayed. Comply with Rule 605. (Corrective Action Date: January 8, 2024) See attached photo #1, 3. 2. It appears there is unused equipment near wellheads. Comply with Rule 606. (Corrective Action Date: January 8, 2024) See attached photos #5.</p> <p>A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.</p>	santistb	12/18/2023
