Reclamation Specialist	The approval of this Form 4 is an acknowledgement that the document was received. It is not an approval of the final reclamation as the outcome of the methods will be determined on the ground during an inspection at a future date. The Operator re-submitted the reclamation plan, which was reviewed by Staff. As part of the final reclamation inspection, Staff will evaluate the entire extent of the historic disturbance in the field to determine if the Location meets Final Reclamation standards.	12/21/2023
