1003 f. Weeds Noxious weeds? \_\_\_\_\_

Comment Appears interim reclamation activities have been performed to reduce disturbance areas only needed for production operations. Vegetation throughout the interim areas is progressing towards Rule 1003 standards and appears to have been recently mowed. Therefore, the location will need to be re-inspected during the next growing season to verify vegetative compliance and will remain IN-PROCESS. Operator shall continue to monitor and manage this site until the location meets Rule 1003 standards, including stormwater and weed management. Operator shall submit a Form 4 Interim Reclamation Complete notice when the location meets Rule 1003 standards. ECMC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1003.

Comment: At the time of this inspection, no erosion issues were observed at the location or along the access road.  
Operator shall continue to monitor and manage this site for stormwater run on and runoff in a manner that minimizes erosion, transport of sediment offsite, and site degradation until the facility is abandoned and final reclamation is achieved pursuant to Rule 1004.
