<p>ECMC Inspection Report Summary                      On Wednesday 1-3-2024 at approximately 1055 hrs. I, Inspector Robbie Revas,                      Conducted an on-site inspection:                      Operator: Verdad Resources LLC                      Location name: Arnold 02N-64W-24                      Location ID # 454529                      Well Name: Boyd 2413-10H                      API # 05-123-46829                      County: Weld                      Weather condition: Clear                      Location condition: Dry                      While there, I observed a Multi-well pad, with active drilling operations at the time of the inspection.                      During this inspection, I observed no compliance issues:                      See attached photos.                      Spoke with Verdad Company Man Tobin Williams about the current operations on location (sliding the rig to next well) and time remaining on location( approx. 10 days)                      No follow up site inspection is needed to ensure that the addressed Compliance issues comply with ECMC rules.</p>	revasr	01/03/2024
