**General Comment:**

WME Yates LLC ceased operations and is no longer a licensed Operator in the State of Colorado. With the closure of WME Yates LLC, the Operator relinquished control and operation of their oil and gas locations to the Energy and Carbon Management Commission. This inspection was completed as part of a field wide sampling of these locations with emphasis on current well status to ensure the wells are shut in and locations are secure to protect public health, safety, welfare, the environment and wildlife resources as they are moved into the Orphaned Well Program.
