Response: FACTUAL REVIEW REQUEST

Basis for Review: Corrective action dates are not attainable

Operator Comment:	Please refer to Site Reclamation Dates under the Reclamation Plan portion of F27 doc# 403543172. Well site has not been reclaimed at this time due to ongoing remediation and monitoring activities which immediately follwed P&A. Observed reclamation along the western portion of the associated two-track is affiliated with seperate line removal reclaim earlier in 2023, as can be seen in Photo 8 of doc# 713900251. OXY will schedule and perform final reclamation activities at the PSC 9-8 well site once weather and ground conditions are suitbale to do so, likely Spring 2024.
